Desktop Hard Disk Bracket

This hard disk bracket allows you to turn your 3.5" SATA hard disk into a hot swappable removable hard disk. Thanks to the key-less lock system, you can easily lock and unlock the hot swappable* hard disk and remove it. The big fan inside the docking cradle creates a big airflow to make sure your hard disk will stay cool. In combination with a Conceptronic SATA to USB adapter, you can even access the data on your mobile hard disk bracket from a computer which does not have the desktop docking cradle built in.

* The hot swap feature is only supported if your SATA controller supports hot swap.

Highlights

- > SATA HDD connector
- > Hot Swappable*
- > Keyless bracket lock system
- > Plug and Play
- > Supports all 3.5 inch (8,9cm) SATA I, II, III hard disks
